COLUMBIA UNIVERSITY CENTER FOR UNDERGRADUATE

Global Engagement

Summer 2026
Columbia-Led Programs

Earn Columbia credits through Columbia faculty-taught courses and administered programs

Columbia Summer Global Core
Athens

Discover Greek history, culture, society, and environment through cross-disciplinary study, field visits, and a group curatorial project.

Columbia Summer in
Itoshima
Ecology and Society in Rural Japan

Explore the relationship between water and human society in an immersive learning environment.

Columbia Summer in
Venice

Immerse yourself on Italy's most enchanting island by choosing from Italian language, art and architecture, conservation, and culture courses.

Columbia Summer Practicum at the University of Cambridge
GLOBES

Gain hands-on experience carrying out psychological and behavioral science research.

Modern and Classical Japanese in
Kyoto

Take intensive **Modern** or **Classical Japanese** language courses enriched with interactive instruction and extracurricular activities.

### Columbia Summer in
Accelerated Intermediate French

Continue your study of the French language while taking full advantage of the immersive experience in Paris.

Columbia Summer in
Creative Writing

Push yourself forward in your creative work and explore the craft of writing in Paris.

Columbia Summer in
Paris

Choose from the **French Immersion** or **English Track** and explore the paradoxes of French and Francophone history and culture.
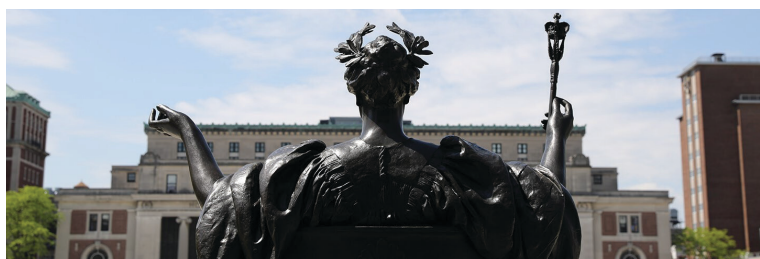

Columbia Summer Core in
Paris

Columbia undergraduates have the opportunity of a rich exchange in one of the foundational artistic cities of Western culture.

Global Columbia Collaboratory
The Gambia

Deepen your understanding of environmental humanities, global health, climate change, and U.N. Sustainable Development Goals.

Global Learning Scholarship

Columbia undergraduates may apply for the Global Learning Scholarship (GLS) to partially defray fees for a summer global learning opportunity. The GLS supports Columbia undergraduates so they may enhance their undergraduate education while engaging with global perspectives.
